

Model Evaluation Tools (MET) tutorial

4 – 5 February, 2009

Thank You
to our sponsors

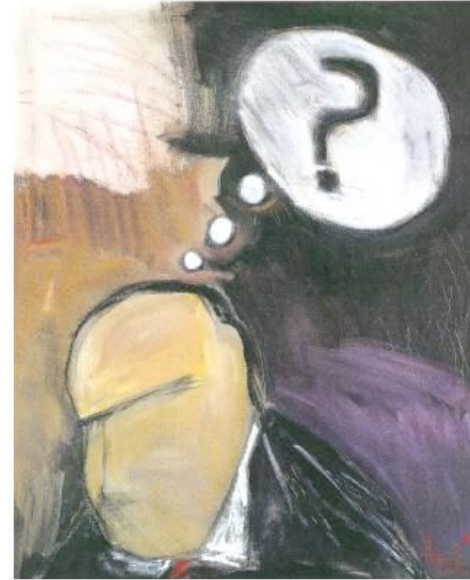

Support for MET is provided by
the Developmental Testbed Center (DTC)
and
the Air Force Weather Agency (AFWA).

Who?

Presenting :

(In order of appearance)

- Tressa L. Fowler
- John Halley Gotway
- Tara Jensen
- Randy Bullock
- Barb Brown
- Dave Ahijevych

Involved but not present:

- Steve Sullivan
- Eric Gilleland

- What?
 - Set of verification tools for evaluating forecasts via
 - standard statistics
 - object-based methods
 - scale decompositions

- Why?
 - Make verifying easy.
 - Encourage verification.
 - Promote consistency across users.

- How?
 - A (unix like) package of software tools and scripts.
 - Community contributed methods, graphics, etc.

Student Introductions
